

How SDS is handling the lingering of the Covid-19 Pandemic

Below is a list of the regular procedures that will be taking place at the dance studio.

- Class sizes have been limited to 12 or less.
- Studio floors have been clearly marked with SDS stickers for our dancers to safely attend class while they maintain social distancing.
- We ask that you remain on the sidewalk outside with your dancer until we come out to take the dancers in the building. We will come out of the building at the end of the class with your dancer for pick up.
- No adults or siblings will be permitted to enter the studio during drop off/pick up or during classes.
- Dancers will be given a squirt of hand sanitizer upon arrival, after shoe changes and before exiting the studio.
- Studio Floors will be cleaned in between classes. All Ballet Barres and Cubbies will be wiped down in between classes.
- Dancers must arrive in dancewear with cover up – there will be no changing at the studio.
- Dance bags are to be cleared of anything other than your dancer's dance shoes/skirt/water bottle before coming to class.
- Masks are no longer required – however if you prefer your dancer wear a mask- we will enforce it.

We want you to know that we appreciate your trust and confidence after this past year and S.D.S. will remain diligent in keeping up with these procedures.

The S.D.S. Staff
